Organized by : Project ECHO ONE Steering Committee

What is ECHO ONE:

ECHO ONE (Extension for Community Healthcare Outcomes, Oncology Network Education) is different from previous webinars, where only professionals lectured to healthcare providers. It is not just a one-way meeting to listen to a lecture, but an interactive learning opportunity where participants can ask questions and discuss freely in a bi-directional- way.

This is a telementoring program that enables participants to improve patient care, using an application called ZOOM, which can be accessed not only from the workplace but also from a PC or smartphone at home.

Please join the discussion!

How to Participate in ECHO ONE:

Sign up for membership through the TeamOncology.com

https://www.teamoncology.com/seminar/project_echo_one

After becoming a member, you can apply to this session. Please register for this event. You can also use the QR code below to access the registration form. Once you register, you will be sent a URL to join this ECHO ONE.
